“Responsible for probably 70 jobs per year since 2006...”

To whom it may concern,

I'm writing on behalf of the very talented Janice Friedman! I've known and worked with Janice on the Bateaux NY, where she's been responsible for probably 70 jobs per year since 2006. As an employer and band leader, I can attest to her skills and commitment to the job and the music.

There have been many occasions when I've needed Janice to go the extra mile and she's not only done it but actually initiated the need before I even asked her to do so.

She is kind, thoughtful, communicative and ever-ready to bring herself and her music to those around her to lift them up! With this venue, she deals with many different cultures and people from all around the world, all of whom she reaches in a beautiful way with her performances.

Her talent is at the top! As a pianist she is creative, deep and joyous. As she integrates her singing, the music fills me up.

I know Janice to be someone who is dogged about her work and I support her 1000% with any project in which she's involved.

Sincerely yours,

“Ever ready to bring herself and her music to those around her and lift them up!”

CENTER·BAR

“An infectious personality, incredible musical ability, and immutable presence...”

To Whom It May Concern:

I write to you on behalf of an amazing talent and even more incredible person. To her credit, the list of accolades was long for far greater a time than I have had the pleasure of knowing her. This noteworthy and highly recommended individual is Janice Friedman, Pianist, Composer, and All around Amazing Woman.

For the past year, I have had the pleasure and the privilege to work with Janice in her charge as the House Pianist at Center Bar. Located on the top floor of the Time Warner Dining Collection, the clientele entertained are of a varied and discerning taste; a challenge that Janice has risen to admirably. Her dedication to music and unwavering desire to evoke a smile with a song has been instrumental in expanding the music program from songs played to the house to songs played for the house. Janice's warm and welcoming disposition belies an intrinsic musicality that she exudes through her expertly arranged and exceptionally played tunes.

Since taking over as Bar Manager for Center Bar, I have watched – and listened – as Janice absorbs the energy of the room and plays its back to them with gusto and skill. Known for taking a tune a guest is interested in hearing and turning it into a song that has the entire bar twitter, her line up of tricks and treats never fails to delight.

We, at the Center Bar, are grateful and privileged to have such an amazing talent and consummate professional; and I believe you will be too! As I have yet to meet anyone with such an infectious personality, incredible musical ability, and immutable presence – one that begs an encore at every set.

Should you have any further inquiries into the acumen of Janice Friedman, please do not hesitate to reach out via email: kduvall@porterhousenyc.com or call: 212.823.9442, as I would be happy to continue expound on her merits.

Best regards,
